

Pre-Bid Conference for Request for Qualifications for Project and Construction Management Services for Construction Package 4 (CP 4)

RFQ No. HSR 15-01

Wednesday, June 24, 2015

9:00 a.m. to 11:00 a.m.

Wasco Veterans Hall

1202 Poplar Street

Wasco, CA 93280

The California High-Speed Rail Authority (Authority) is hosting a Pre-Bid Conference for businesses interested in working on the next 22-mile phase of construction in the Central Valley. The Pre-Bid Conference will provide an opportunity for prime contractors and small businesses to learn more about the Project and Construction Management (PCM) needs for Construction Package 4 (CP 4) and how to submit Statements of Qualifications (SOQs).

Work on CP 4 will extend approximately 22-miles from one mile north of the Tulare/Kern County line to Poplar Avenue north of Bakersfield, through the counties of Tulare and Kern and the cities of Wasco and Shafter. As the fourth layer of project oversight, the PCM will work with the Authority and the Design-Build (DB) contractor (to be selected) to identify, manage and mitigate project risks and make sure technical and contract requirements, including costs, are met for CP 4.

Please join representatives from the Authority at this Pre-Bid Conference to network and learn more about the requirements of the contract, how to bid and the importance of small business participation. To Register for this event, please visit
