All employees in the exempt classifications who have been at the prior maximum salary rate for a minimum of twelve (12) qualifying pay periods shall receive a 3% increase. Each Personnel Office shall manually key these salary increases for the applicable employees. All other exempt employees shall retain their current salary until they reach the minimum of 12 qualifying pay periods at the prior maximum salary rate. The maximum salary for certain exempt positions within the Department of Corrections and Rehabilitation who are in the PO/FF Retirement category will be increased by four (4) percent.

If the employee has not received a salary increase in the last 12 qualifying pay periods but is not at the maximum salary of the exempt salary range, the employee may receive a three percent (3%) salary increase at this time. A new anniversary date shall be established for these employees and another salary increase shall not be given to the employee until they have worked another 12 qualifying pay periods.
