

Industry Forum for Request for Qualifications for Design-Build Contract Services for Construction Package 4 (CP 4)

RFQ No. HSR 14-32

Friday, December 5, 2014

9:00 a.m. to 12:00 p.m.

Bakersfield College, Forum West/101

Bakersfield, California 93305

The California High-Speed Rail Authority (Authority) is seeking a design-build contractor to submit qualifications to bid on Construction Package 4 (CP 4), the next 30-mile phase of construction in the Central Valley.

The Authority started the process of finding a contractor for this construction phase by formally issuing a Request for Qualifications (RFQ) for design-build services on November 20, 2014. Firms will have until January 30, 2015 to submit their statements of qualifications.

Work on CP 4 will extend approximately 30-miles from one mile north of the Tulare/Kern County line to Galpin Street north of Bakersfield, through the counties of Tulare and Kern and the cities of Wasco and Shafter. The design-build contractor will be responsible for design and construction work that includes at-grade and aerial section of the alignment and the relocation of several miles of existing Burlington Northern Santa Fe (BNSF) tracks.

Please join representatives from the Authority at this Industry Forum to network and learn more about the requirements of the contract, how to bid and the importance of small business participation. To Register for this event please visit http://hsr.ca.gov/Programs/Construction/Design_Build_Construction_Pkg_4/index.html.
