

# ESTIMATED REGIONAL OPERATIONS, MAINTENANCE FACILITIES, AND JOBS

## List of Regional Operations, Maintenance Facilities, and Jobs

### » Stations

Station managers, ticket agents, passenger assistance representatives, facility maintenance managers, station cleaners, train cleaning staff, police and security.

### » Maintenance of Infrastructure Facilities Throughout the State

Inspectors, heavy equipment operators, laborers, mechanics, truck drivers, welders, track engineers, track maintainers, signal engineers, signal maintainers, communications engineers, systems engineers, wiremen, electricians and supervisory and support staff.

### » Heavy Maintenance Facility in the Central Valley

Mechanical technicians, electrical technicians, supervisors, laborers, cleaners and storehouse employees.

### » Light Maintenance Facilities in Northern and Southern California

Similar personnel make-up but a lesser workforce than the heavy maintenance facility.

### » Operations Control Center

Operations directors, managers, dispatchers, supervisory and support staff. Train crew assignments will be dictated from this location and some train crews will report to this location. Train crews (engineers, conductors, assistant conductors and on-board attendants) will also report in other locations where trains start up service.

### » Headquarters in the Central Valley

The railroad executive and corporate organizations will be housed at this location. The executive and corporate workforce will include operations, safety, legal, finance, human resources, contracts, planning, systems and information technology and public affairs and marketing professionals.
