

Construction & Road Closure Alert

Issued on September 2, 2016

Construction to Begin for Overpass in Madera County

FRESNO, Calif. – Starting in September, crews will begin constructing an overpass over future high-speed rail tracks at Avenue 8 in Madera County, bringing the total number of active sites for Construction Package 1 (CP-1) in the Central Valley to eight. Construction of the more than 100-foot long overpass allows for improved safety and reduced traffic congestion.

For approximately 10-12 months, Avenue 8 will be closed during construction between Road 33 and 32, with detours in place to reroute traffic. This work is being done by design-build contractor, Tutor Perini/Zachry/Parsons as part of CP-1, the first 32-mile stretch of high-speed rail between Avenue 19 in Madera County to East American Avenue in Fresno County.

As part of continued progress, several more construction projects for CP-1 are anticipated to begin this fall, requiring lane closures and detours.

CLOSURES: Avenue 8 between Road 33 and Road 32 will be closed as part of beginning phases of construction for a new bridge. Road closure is expected to last for 10-12 months.

DETOUR: Traffic will be routed to Avenue 9 using Road 31 ½ and Road 33. See attached map for details.

This schedule is subject to change. For up-to-date information please visit <http://quickmap.dot.ca.gov> or <http://www.buildhsr.com/>. Traffic laws will be fully enforced and commuters are expected to be aware of the surrounding activities, remain alert and watch for construction vehicles and personnel. The public is asked to drive carefully and be extra cautious while traveling through the construction areas. The Authority appreciates the patience and cooperation from visitors, residents and businesses during this work.
