

## Burbank to Los Angeles Project Section

### Grade Separation Information Meetings

#### Sonora Avenue, Grandview Avenue, Flower Street (in the City of Glendale)

Please join us at the upcoming Grade Separation Information Meetings

The California High-Speed Rail Authority's (Authority) Burbank to Los Angeles Project Section recently held four Community Open House Meetings to provide the public with information. As part of the project, the Authority is committed to improving safety, mobility and air quality along the corridor by constructing grade separations at road/street locations that currently intersect with the existing at-grade railroad tracks. The Authority is hosting a series of meetings in your area to share information on the planned grade separation concepts; these meetings are focused on Sonora Avenue, Grandview Avenue, and Flower Street.

The Authority is proposing grade separations at the Sonora Avenue, Grandview Avenue, and Flower Street railroad crossings in the City of Glendale as part of the current analysis. The plan proposes partially elevating the new and existing tracks in this area on an embankment and slightly lowering the crossing streets to travel under the track.

We hope you will join us to learn more about our plans and provide input on the high-speed rail program.

## Burbank to Los Angeles Project Section

### Grade Separation Information Meeting

#### Chevy Chase Drive/Goodwin Avenue (in the City of Glendale)

Please join us at the upcoming Grade Separation Information Meeting

The California High-Speed Rail Authority's (Authority) Burbank to Los Angeles Project Section recently held four Community Open House Meetings to provide the public with information. As part of the project, the Authority is committed to improving safety, mobility and air quality along the corridor by constructing grade separations at road/street locations that currently intersect with the existing at-grade railroad tracks. The Authority is hosting a series of meetings in your area to share information on the planned grade separation concepts; this meeting is focused on Chevy Chase Drive/Goodwin Avenue.

The Authority is proposing a grade separation located at Goodwin Avenue in the City of Glendale as part of the current analysis. The grade separation concept proposes a new grade separated crossing at Goodwin Avenue to replace the existing at-grade crossing at Chevy Chase Drive, which is proposed to be closed.

We hope you will join us to learn more about our plans and provide input on the high-speed rail program.
