

San Jose to Merced Project Section

Gardner Community Open House

June 6, 2016

Please join us at the Gardner Community Open House for an update on the high-speed rail program and to provide input on the next phase of planning and environmental review.

The **San Jose to Merced Project Section** will connect communities from the Bay Area to the Central Valley. The California High-Speed Rail Authority has been working with residents, stakeholders and regulatory agencies to refine alternatives for the project section. This Gardner Community Open House will provide an opportunity for you to ask questions and learn more about alternatives that are being studied as part of the Draft Environmental Document. To learn more about the project section, visit:
