FY2024-25 Forecast and Expenditures

- 1 Total Program and FY2024-25 budget (approved at June 2024 Board Meeting) support activities to advance Merced to Bakersfield Early Operating Segment development and construction, Phase I planning, and Bookend Corridor projects. In addition, the FY2024-25 budget prioritizes the completion of the Federal scope for the ARRA and FY10 grants.
- 2 Expenditures reflect paid invoices, invoices received and processed but not yet paid, material estimated costs for work performed but not yet paid, and adjustments to set prior period estimated costs to actual.
- 2 The Appropriations for Cap and Trade includes previously appropriated muchs, actual auction proceeds through February 2025, actual and forecasted adjustments for Administrative appropriation and an estimate of the Authority's share of the future Cap and Trade auction proceeds (through December 2030), which are estimated at \$1B annually for the purposes of this report through its continuous appropriation (SB-862 and AB-398).
- 4 This line reflects budget changes for the current reporting period that received internal governance approval. This is a net-zero impact to the Fiscal Year and Total Program budget.

 19 The appropriation for Federal Trust Fund (Federal State Partnership) is a Phased Funding Agreement of \$2.393B to date and \$680.8M to be issued October 2025 for a total of \$3.074B.
- 21 This line reflects a FY2024-25 mid-year forecast adjustment. Any forecast exceeding the Fiscal Year Budget requires governance review and approval.

Footnotes:

- 1 Total Program and FY2024-25 budget (approved at June 2024 Board Meeting) support activities to advance Merced to Bakersfield Early Operating Segment development and construction, Phase I planning, and Bookend Corridor projects. In addition, the FY2024-25 budget prioritizes the completion of the Federal scope for the ARRA and FY10 grants.
- 2 Expenditures reflect paid invoices, invoices received and processed but not yet paid, material estimated costs for work performed but not yet paid, and adjustments to set prior period estimated costs to actual.
- 4 This line reflects budget changes for the current reporting period that received internal governance approval. This is a net-zero impact to the Fiscal Year and Total Program budget.
- 7 Pre-construction activities for those sections where the environmental process is completed. Examples include preliminary engineering, right-of-way mapping, and design advancement.
- 21 This line reflects a FY2024-25 mid-year forecast adjustment. Any forecast exceeding the Fiscal Year Budget requires governance review and approval.

- 1 Total Program and FY2024-25 budget (approved at June 2024 Board Meeting) support activities to advance Merced to Bakersfield Early Operating Segment development and construction, Phase I planning, and Bookend Corridor projects. In addition, the FY2024-25 budget prioritizes the completion of the Federal scope for the ARRA and FY10 grants.
- 2 Expenditures reflect paid invoices, invoices received and processed but not yet paid, material estimated costs for work performed but not yet paid, and adjustments to set prior period estimated costs to actual.
- 4 This line reflects budget changes for the current reporting period that received internal governance approval. This is a net-zero impact to the Fiscal Year and Total Program budget.
- 7 Pre-construction activities for those sections where the environmental process is completed. Examples include preliminary engineering, right-of-way mapping, and design advancement.
- 21 This line reflects a FY2024-25 mid-year forecast adjustment. Any forecast exceeding the Fiscal Year Budget requires governance review and approval.

Percentage of Fiscal Year completed 75.0%

- 1 Total Program and FY2024-25 budget (approved at June 2024 Board Meeting) support activities to advance Merced to Bakersfield Early Operating Segment development and construction, Phase I planning, and Bookend Corridor projects. In addition, the FY2024-25 budget prioritizes the completion of the Federal scope for the ARRA and FY10 grants.
- 2 Expenditures reflect paid invoices, invoices received and processed but not yet paid, material estimated costs for work performed but not yet paid, and adjustments to set prior period estimated costs to actual.
- 4 This line reflects budget changes for the current reporting period that received internal governance approval. This is a net-zero impact to the Fiscal Year and Total Program budget.
- 5 DB expenditures include procurement contract stipends and as a result produce a difference with the Central Valley Status Report (CP1 \$8M, CP2-3 \$4M, CP4 \$6M).
- 7 Pre-construction activities for those sections where the environmental process is completed. Examples include preliminary engineering, right-of-way mapping, and design advancement.

CA High-Speed Rail Authority FY2024-25 Capital Outlay and Expenditure Report May 29, 2025

Data through March 31, 2025
