FY2019-20 Forecast and Expenditures

- 1 Total Program and FY2019-20 budgets support activities to advance Central Valley development and construction, Phase I planning, and Bookend Corridor projects. In addition, the FY2019-20 budget prioritizes the completion of the Federal scope for the ARRA and FY10 grants.
- 2 Expenditures reflect paid invoices, invoices received and processed but not yet paid, material estimated costs for work performed but not yet paid, and adjustments to set prior period estimated costs to actual.
- 3 The Appropriations for Cap and Trade includes previously appropriated funds, actual auction proceeds through November 2019, and an estimate of the Authority's share of the future Cap and Trade auction proceeds (Feb-20 through Dec-30), which are estimated at \$750M annually for the purposes of this report through its continuous appropriation (SB-862 and AB-398). The report will be updated for Feb-20 Cap and Trade auction proceeds once the funds become available to the Authority through executive order.
- 4 On May 16, 2019 the Authority received a letter from the FRA stating a final decision has been made by the FRA to terminate the FY10 agreement and deobligate the associated \$928.6M funding. The Authority has commenced legal proceedings and will continue to report this funding until a final determination is reached.
- 7 The Fiscal Year forecast was updated at the mid-year point and certain activities, at the line item level, can show a higher forecast than originally budgeted. However, the total budget for the year is not impacted due to offsetting line item reductions or under-utilization.
- 9 The Fiscal Year totals for Bookend Projects funded with Cap and Trade can fluctuate year-to-year, per contractual terms, but have not-to-exceed totals per their respective contracts.
- 18 Current month negative expenditures are the result of a reporting correction.

- 1 Total Program and FY2019-20 budgets support activities to advance Central Valley development and construction, Phase I planning, and Bookend Corridor projects. In addition, the FY2019-20 budget prioritizes the completion of the Federal scope for the ARRA and FY10 grants.
- 2 Expenditures reflect paid invoices, invoices received and processed but not yet paid, material estimated costs for work performed but not yet paid, and adjustments to set prior period estimated costs
- 6 This line reflects budget changes for the current reporting period that have internal governance approval. This is a net-zero impact to the Fiscal Year and Program budget.
- 10 Total Program Design-Build Contract Work, Project Contingency, and Hazardous Waste Provisional Sum budgets are adjusted monthly to reflect executed change orders as identified in the F&A Central Valley Status Reports. These monthly adjustments have a net-zero impact on the Total Program budget.

Footnotes

- 2 Expenditures reflect paid invoices, invoices received and processed but not yet paid, material estimated costs for work performed but not yet paid, and adjustments to set prior period estimated costs to actual.
- 7 The Fiscal Year forecast was updated at the mid-year point and certain activities, at the line item level, can show a higher forecast than originally budgeted. However, the total budget for the year is not impacted due to offsetting line item reductions or under-utilization.
- 9 The Fiscal Year totals for Bookend Projects funded with Cap and Trade can fluctuate year-to-year, per contractual terms, but have not-to-exceed totals per their respective contracts.
- 11 This line is funded with Prop 1A Bookend Bond Funds.
- 12 This line is funded with Cap and Trade Funds.
- 13 The Authority is currently working with LA Metro on finalizing the Project Management and Funding Agreement (PMFA).

- 1 Total Program and FY2019-20 budgets support activities to advance Central Valley development and construction, Phase I planning, and Bookend Corridor projects. In addition, the FY2019-20 budget prioritizes the completion of the Federal scope for the ARRA and FY10 grants.
- 2 Expenditures reflect paid invoices, invoices received and processed but not yet paid, material estimated costs for work performed but not yet paid, and adjustments to set prior period estimated costs to actual.
- 6 This line reflects budget changes for the current reporting period that have internal governance approval. This is a net-zero impact to the Fiscal Year and Program budget.
- 10 Total Program Design-Build Contract Work, Project Contingency, and Hazardous Waste Provisional Sum budgets are adjusted monthly to reflect executed change orders as identified in the F&A Central Valley Status Reports. These monthly adjustments have a net-zero impact on the Total Program budget.
- 20 This line includes future civil scope located in the Central Valley. This scope is partially or not included in the existing Central Valley construction package contracts but is necessary to meet substantial completion of the project. Examples include emergency egress, access and maintenance roads, trench invert slab and walkway concrete, signage, trench pump stations, deck water proofing, etc.

Percentage of Fiscal Year completed 83%

- 1 Total Program and FY2019-20 budgets support activities to advance Central Valley development and construction, Phase I planning, and Bookend Corridor projects. In addition, the FY2019-20 budget prioritizes the completion of the Federal scope for the ARRA and FY10 grants.
- 2 Expenditures reflect paid invoices, invoices received and processed but not yet paid, material estimated costs for work performed but not yet paid, and adjustments to set prior period estimated costs to actual.
- 6 This line reflects budget changes for the current reporting period that have internal governance approval. This is a net-zero impact to the Fiscal Year and Program budget.
- 8 The Central Valley Segment view reflects the approved funding plan and includes budget for both Project Development and Construction activities which take place in the Central Valley. Total expenditures to date of \$5.351B include \$449.3M of Project Development and \$4.901B of Construction.
- 10 Total Program Design-Build Contract Work, Project Contingency, and Hazardous Waste Provisional Sum budgets are adjusted monthly to reflect executed change orders as identified in the F&A Central Valley Status Reports. These monthly adjustments have a net-zero impact on the Total Program budget.
- 20 This line includes future civil scope located in the Central Valley. This scope is partially or not included in the existing Central Valley construction package contracts but is necessary to meet substantial completion of the project. Examples include emergency egress, access and maintenance roads, trench invert slab and walkway concrete, signage, trench pump stations, deck water proofing, etc.
